PROFIL

I am a motivated worker, determined to succeed in my professional endeavors. My adaptability and strong interpersonal skills have allowed me to develop solid teamwork and communication skills. I appreciate challenges and am constantly seeking new technologies to improve my skills.

WORK EXPERIENCE

Tech Lead, *L-Mobile*   10/2023 – Present | Nabeul, Tunisia

A German company that provides specialised software solutions for companies. L-mobile provides software that enables its clients to manage their logistics, production, sales and after-sales processes.

As a tech lead at L-Mobile , I am committed to empowering my team to excel and achieve outstanding results. I provide mentorship, set clear objectives, and create an environment that encourages creativity and growth. My approach is based on a foundation of trust, open communication, and a focus on delivering exceptional value to our clients and stakeholders.

Tasks :

- Understand concepts to solve customer business problems in collaboration with the solution architect.
- Solving problems in a complicated process by communicating with the customer.
- Visiting the customer in Germany to identify specific logistics requirements and implement a new customised process.
- I collaborated with a team in Germany using Scrum. We embraced open communication and adaptability, which led to successful outcomes. Working together, we fostered a positive and efficient environment that promoted creativity and problem-solving.
- As a seasoned team member, one of my key responsibilities is providing comprehensive training to newly onboarded employees within my team.

Technical Environment : React Js, Spring Boot , Microservices , Git, PostgreSQL,proALPHA ERP ,Docker,GitHub Actions.

Developer, *L-Mobile*   10/2021 – 10/2023
Tasks:

- Implement new processes in ERP.
- Configure and customise the software implementation according to customer requirements.

Web Development Intern, *Perfect Web Technology*   03/2021 – 06/2021 | Tunis, Tunisia
Tasks :

- Develop a web/mobile application for online training:
- Create a discussion area.

- Organise meetings with the teacher.
- Passing tests at the end of the course and obtaining a certificate.

Technical Environment : Angular 11, Spring Boot, WebSocket, MongoDB, HTML 5 , CSS3.

Mobile Development Intern, *Smart Tec*   01/2020 – 02/2020 | Mahdia, Tunisia
Tasks :

- Development of a mobile student management application.

Technical Environment : Android Studio , Firebase.
